SOY WAX CANDLES . SHEA BUTTER SOAPS . REED DIFFUSERS

Beautiful SOY Candles Now Available

blackMILK offers a luxurious collection of natural, hand poured Soy Wax Candles.

blackMILK's creamy white, natural candles are individually hand poured with 100% pure Soy Wax, surrounding a lead-free, all cotton wick. blackMILK candles burn with a neat, clean flame, no soot or black stains and as soy wax is water soluble, spills can be wiped up with soap and water. Soy wax emits no fumes when lit, is biodegradable, non-toxic and harmless to our environment.

blackMILK products are softly scented with blends of pure essential and fine fragrance oils. The simple black and white packaging represents style, class and elegance to co-ordinate with the decor in any room.

blackMILK candles are available in your choice of:
